2025 is the year of Science!

MIDDLE-GRADE

WHY *SCIENCE FICTION* FOR CHILDREN?

As humanity, this genre has always helped us to imagine and fantasize about the future, yes, but one of the main reasons is that it helps us to understand the present better; after all, all science fiction titles attempt to contextualize and reflect current anxieties. Precisely, these issues are universal, and they are the ones children of the age we are targeting are beginning to ask.

It is important to mention that the science fiction genre is capable of adapting to many tones, many registers: adventures, action, mystery, intrigue... Thus, YO, RAQUEL PRIS is not a brainy book, but it does make you think at the same time that entertains!

Maria Barbal - *author*

Maria Barbal is one of the most renowned authors in contemporary Catalan literature, celebrated for her profound storytelling and numerous prestigious literary awards. Her children's books are deeply moving, exploring essential and fundamental themes with the evocative and descriptive prose that defines her work.
