PERFECT TWIST

Meet Your Match series (book 1)

By Carlie Jean

When an Olympic gymnast is forced into early retirement and an unexpected pregnancy ties her to her brother's rival, living together as co-parents turns their "just friends" agreement into something far more dangerous.

They say one night can change your life.

I never really understood how true that was until I had two pink lines staring back at me.

Now, not only have I lost my spot on Team USA's gymnastics team after being forced to retire, but the future father of my child is none other than my brother's rival teammate.

And it doesn't help that Quentin Laurent is too perfect for my own good.

Smart. Mature. Caring. He's got everything you'd want in a man, and that's a problem considering we agreed to be just friends for the sake of the baby.

When we're set to live together, the undeniable chemistry between us seems to ignite every time we're near each other, and I'm afraid of what will happen if I get too close.

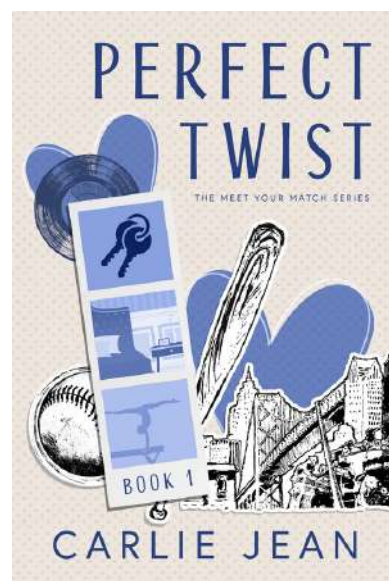

My life is twisted like never before, but I think this new beginning might be the key to unravelling it.

*Sports romance | Black cat x Golden Retriever |
Accidental pregnancy | Age gap | Roommates | Brother's rival |
Olympic gymnast FMC*

Inspired by the 2006 sports comedy movie *Stick It*.

This series is meant to be an interconnected standalones trilogy, each book will be a spin on a classic y2k movie, in which the FMCs are the athletes. The next book is inspired by *She's The Man*.

THE MARVELOUS REBEKAH HARKNESS: HOLIDAY HOUSE AND THE REMAKING OF AMERICAN BALLET

By Ashleigh UpChurch

The true story of Rebekah Harkness—the brilliant, scandalous patron of the arts history dismissed as a “madwoman.”

Long remembered through gossip, myth, and more recently pop culture, Rebekah Harkness has often been reduced to caricature: the eccentric socialite who filled her Rhode Island mansion with champagne, ballet dancers, and chaos. But behind the sensational headlines was a fiercely intelligent and ambitious woman who built a ballet company, funded groundbreaking artistic work, and refused to conform to the narrow expectations placed on women of her time.

This narrative nonfiction project reexamines Harkness’s life through a feminist lens, separating myth from reality to reveal the woman beneath the legend. Drawing on archival material, cultural history, and the stories of the artists who moved through her orbit, the book explores how power, wealth, creativity, and misogyny shaped both Harkness’s legacy and the way history remembers women who refuse to behave.

Provocative and illuminating, this project reclaims Rebekah Harkness as more than a cautionary tale, offering a compelling portrait of a woman whose influence on American arts and culture has long been misunderstood.

By Veronica Lancet

A hopeless woman willing to risk her immortal soul for the chance to have her most ardent wish come true and an emotionless ancient god who will do everything in his power to stop her.

Gods walk among us. They are powerful. They are immortal. They are...bored.

Every century, they create a deadly spectacle—the Wishing Game—where mortals compete for the ultimate prize: one wish granted by the gods themselves. But there's a catch. If a participant dies in the game, they forfeit their immortal soul.

Lucero Archibald lost everything. When she receives an invitation to the Wishing Game, she is desperate enough to accept it. Her wish? Bring back her beloved from the dead.

Thrown into a world of ruthless competitors and treacherous gods, Luce forms an unlikely alliance with three others: Thea, a bubbly self-described harpy; Cerenios, her demon-hunter brother who shields more secrets than swords; and Ze, a cocky and insufferable soldier who seems determined to challenge her at every step.

As Luce faces increasingly deadlier trials and forces beyond her comprehension, she must decide how far she's willing to go. With every trial, the price of victory grows steeper, and soon she'll have to answer the ultimate question:

Is one wish worth her immortal soul?

HIT IT AND QUIT IT

Rose City Roasters (book 1)

By Kelly Reynolds

When the new girl in town looking to reinvent herself starts working for a new MLB team, the last person she should fall for is the notorious player next door—and crossing items off her naughty bucket list is dangerous territory none of them can resist to venter into.

When dutiful daughter and southern belle, Clarke Myers flees her not-so-perfect life, the last place she expects to end up is a hotel made up of vintage trailers in the middle of Rose City, Oregon or working for an Major League Baseball team. Even more startling is her giant and brooding baseball player of a neighbor who keeps invading her showers. Most startling yet is the completely out of character sexy bucket list that Clarke makes and the fact that Soren agrees - enthusiastically - to help her complete it.

Getting each other out of their systems might be easier said than done. After all, there's nothing more appealing to a good girl than the bad boy next door.
